

Smart Growth Action Guide On Sale Now

The League of Women Voters of New Jersey Natural Resources Committee has written a comprehensive 35 page guide on “smart growth”, the term used to describe compact development which provides for new housing and business while at the same time protecting the environment.

Residents of New Jersey are all too familiar with the problems of poorly planned growth. The Smart Growth Action Guide offers solutions and resources to support livable neighborhoods with a variety of housing types, price ranges and multi-modal forms of transportation while preserving open space, farmland and environmental resources.

In honor of Earth Week, the League of Women Voters of New Jersey has reduced the price of each guide to \$3.50 (includes tax and S&H). Please call the LWVNJ state office at 609-394-3303 to order your copy or print out this order form and mail with check to The League of Women Voters of New Jersey, 204 West State Street, Trenton, NJ 08608. Orders may be faxed to 609-599-3993.
